About this Catalog

We've included our most popular course offerings in this catalog—please visit [Teradata.com/University/Overview](https://teradata.com/University/Overview) for a complete listing of all courses available.

Overview

Teradata Education Services

Strengthen your skills, your career, and your value with world class training and certification

Teradata Education designs, develops and delivers education that builds skills and capabilities to enable your company to maximize and expand its Teradata investment. Through both our free and cost-effective training, you have access to our highly experienced instructors and a world-class collection of online content that:

- Builds the know-how of technical staff to keep systems running smoothly and efficiently
- Teaches developers how to quickly and effectively implement applications that meets the needs of the business
- Helps business users discover ways to unlock the power of data, increasing your organization's ROI
- Ensure that technical capabilities are recognized through **Teradata Certification** and badging programs.

Benefits of Teradata Education

Blended Learning Approach

Teradata offers a variety of formats to suit your needs. The combination of on-demand courses through Teradata University, along with hands-on instructor-led training, gives each user level a wide range of opportunities to gain knowledge and expand skills. Our flexible education options build upon and complement one another for a robust offering. Covering a broad range of subjects, our training programs present the essential knowledge to achieve swift and smooth information technology utilization at every organizational level.

Teradata University

Instructor-led classes may be taught at your location, and we can customize your training event by combining selected topics from our standard course offerings for technical and business users. Teradata University is a global online learning platform that offers on demand courses and the ability to register for any public class.

	Teradata Certification and Badging	Certifications and digital badges covering the features and functionality of the Advanced SQL Engine for all audiences
	Flexible Delivery Options	Teradata offers a variety of training options—self-paced, classroom, and virtual instructor-led
	Expert Assessment of Training Requirements Based on Job Roles	Teradata Education Consultants work with your organization to design a training program based on your specific needs
	Decreased Ramp-Up Time	Training enables you to come up to speed on the new technology quickly and efficiently
	The Latest and the Greatest	Training is available on new software versions, features and products
	Quality You Can Count On	Teradata is the only authorized provider of Teradata training—we offer a 100% satisfaction guarantee

Teradata University

Expand your Teradata knowledge at your own pace, on your own schedule

View and access the most recent and popular on-demand and instructor-led classes in one comprehensive site.

On-Demand Courses

Web-based courses are formal, self-paced training delivered via Teradata University. Many of our popular instructor-led courses are also offered in web-based formats, allowing you to save on travel costs and maximize your time.

Webcasts are structured, one to two hour presentations, available in Teradata University. Over 150 webcasts are available and delivered by Teradata's product managers, subject matter experts, and product evangelists.

Subscriptions

Teradata University subscriptions provide either unlimited or tailored access to our on-demand courses. Several options are available to meet your ongoing technical and business user training needs. Teradata Education Consultants will work with your organization to determine the right subscription options required to meet your learning objectives. Expand your Teradata knowledge and fully utilize your Teradata systems with a Teradata University subscription.

The Right Partner for You

Teradata Education looks forward to bringing you the most advanced and exciting online education experience. To learn how to put the next generation of Teradata education to use, contact your Teradata representative or visit [Teradata.com/University/Overview](https://www.teradata.com/University/Overview).

Subscription Overview

Unlimited Subscription	
Access to All On-Demand Training	
<p>A library of over 250 on-demand, self-paced courses, including hands-on practice.</p> <p>Enjoy over 500 hours of training on subjects from data science principles through database management.</p> <p>Enterprise Unlimited subscriptions include:</p> <ul style="list-style-type: none"> • 24 Teradata Certification Exam Vouchers • 24 Annual Office Hours with our Technical Experts 	<p>Courses available include these and many more:</p> <ul style="list-style-type: none"> • Exploring the Analytic Functions of Teradata Vantage • Teradata Advanced SQL • Teradata SQL for Business Users • Introduction to the Teradata Database • Introduction to Data Modeling
<p>Unlimited Subscriptions are available at the individual or Enterprise level. Tiered pricing is offered for multiple individual subscriptions.</p>	

Job Role-Based Subscriptions	
Access to On-Demand Training	
<p>Tailored to your job role, these subscription options focus on the top courses that help build skills critical to excelling in your role. Each contains the most relevant content to help you unlock the power of data.</p>	
<ul style="list-style-type: none"> • Business Analyst • Developer 	<ul style="list-style-type: none"> • Database Administrator • Data Engineer
<p>Job Role-Based Subscriptions are available for individuals on an annual or multi-year level and each includes a Teradata Certification exam voucher. Tiered pricing is offered for multiple subscriptions.</p>	

Premier Education Package (complimentary)	
Access to Introductory On-Demand Training	
<p>A carefully curated selection of over 50 online introductory courses totaling over 100 hours of content, with additional courses added monthly, all at no charge for customers. Through the Premier Education Package any number of individuals at <i>all</i> Teradata customers have access to on-demand courses at no cost.</p>	
<p>The process to access your Premier Education Package is simple. Sign up at Teradata.com/University/Overview.</p> <p>Share this exciting offer with your colleagues and encourage them to sign up today.</p>	<p>Your access will allow you to take valuable courses such as Introduction to:</p> <ul style="list-style-type: none"> • Teradata Vantage • Teradata Data Stream Architecture • Time Series Analytics • Big Data Concepts

Course Catalog

Courses marked with a C are recommended to prepare to take one or more certification exams. Courses marked with a P indicate it is part of the Premier Education Package, and is complimentary.

Course Title <i>(click title to access course)</i>	Format	Duration
DBA Core Training		
Introduction to the Teradata Database (C)	Instructor Led or On Demand	1 day
Teradata Database Administration: Vantage Advanced SQL Engine (C)	Instructor Led	3 days
Teradata Vantage Advanced SQL Engine Physical Database Design (C)	Instructor Led	4 days
Teradata Vantage Advanced SQL Engine Physical Database Tuning (C)	Instructor Led	4 days
Vantage: Optimizing Advanced SQL Engine through Physical Design	Instructor Led	4.5 days
Vantage: Optimizing Advanced SQL Engine through Workload Management (C)	Instructor Led	3 days

Course Title <i>(click title to access course)</i>	Format	Duration
Vantage		Audience: All
Breaking the Language Barrier: When to Use Python, R and SQL (P)	On Demand	1.5 hrs
Day in the Life of a Data Scientist using Vantage	Instructor Led	2 days
Exploring the Analytic Functions of Teradata Vantage (P)	On Demand	7 hrs
Introduction to Teradata Vantage (P)	On Demand	1.25 hrs
Teradata Vantage Analytics Workshop BASICS	Instructor Led	2 days
Teradata Vantage Analytics Workshop ADVANCED <i>Also offered as 4 separate virtual Instructor-led classes</i>	Instructor Led	2 days
Teradata Vantage for Data Science using New SQL, Python and R	Instructor Led	1 day
Teradata Vantage NewSQL Syntax	On Demand	1 hr
Using R in Teradata Vantage for Text Analytics	Instructor Led	4 days
Vantage for Business Power Users	Instructor Led	2.5 days
Teradata SQL		Audience: All
Teradata SQL (C)	Instructor Led or On Demand	4 days
Teradata Advanced SQL (C)	Instructor Led or On Demand	4 days
Teradata SQL for Temporal Tables	On Demand	4 days
Teradata SQL for Business Users	On Demand	3 days
Teradata SQL Extensions	On Demand	1.5 days
Teradata SQL for Applications Development	On Demand	5 days
Teradata SQL for Active Events	On Demand	4.5 days
Cloud		Audience: Data Architect / Engineer
Deploying and Architecting Teradata Vantage Advanced SQL Engine on AWS	Instructor Led	2 days
Deploying and Architecting Teradata Vantage Advanced SQL Engine on Azure	Instructor Led	2 days

Course Title <i>(click title to access course)</i>	Format	Duration
Advanced SQL Engine		Audience: All
The Teradata Database - Part 1: Database Basics (C) (P)	On Demand	45 min
The Teradata Database - Part 2: Teradata Fundamentals (C) (P)	On Demand	1 hr
The Teradata database - Part 3: Usage Fundamentals (P)	On Demand	45 min
Teradata Factory Express: Vantage Advanced SQL Engine (C)	Instructor Led	5 days
Introduction to Temporal Tables (P)	On Demand	4 hrs
Introduction to ANSI Temporal Tables (C) (P)	On Demand	4 hrs
Teradata Data Stream Architecture (DSA) (C) (P)	On Demand	3 hrs
Teradata Parallel Transporter: Vantage Advanced SQL Engine (C)	Instructor Led or On Demand	2 days
Applications		Audience: All
Teradata Application Utilities (C)	On Demand	3 days
Customer Interaction Manager (CIM) Essentials (P)	Instructor Led	4 days
Customer Interaction Manager (CIM) Essentials: Foundation (P)	On Demand	6 hrs
Customer Interaction Manager (CIM) Essentials: Analytics (P)	On Demand	2 hrs
Customer Interaction Manager (CIM) Essentials: Administration (P)	On Demand	3.5 hrs
Teradata AppCenter Foundations (P)	On Demand	2 hrs
Working with Existing Apps in Teradata AppCenter	Virtual Instructor Led	1.5 hrs
Multisystem / Ecosystem		Audience: Database Administrator, Data Architect / Engineer
Teradata Viewpoint (C)	Instructor Led	2 days
Teradata Unity Ecosystem Manager	On Demand	3 hrs
Teradata Unity Director and Loader (P)	On Demand	3 hrs
Creating Data Mover Jobs (P)	On Demand	1 hr
Teradata QueryGrid 2.0 Technical Overview (C, P)	On Demand	1.25 hrs
Teradata Multisystem Overview (P)	On Demand	1.5 hrs
Building a Data Fabric with QueryGrid	Instructor Led	2.5 days
Ecosystem Manager Fundamentals	On Demand	1 hr
Teradata Multisystem Operational Workshop	Instructor Led	4 days

Course Title <i>(click title to access course)</i>	Format	Duration
Industry Data Modeling	Audience: Data Modelers, Data Architects, DBAs	
Teradata Data Model Custom Training is composed of a series of modules that may be selected to build a tailored course that fits your exact business requirements and goals. Comprised of three main tracks plus an industry-specific workshop, Teradata data modeling subject matter experts will help you select the appropriate modules.		
<u>Data Architecture & Modeling Theory – Integration Layer Track</u>		
Data Architecture	Instructor Led	2 hrs
Data Modeling Concepts	Instructor Led	2 hrs
Normalization	Instructor Led	1 hr
<u>Implementing the Teradata Industry Data Model – Logical Track</u>		
Industry Data Model Design Principles, Patterns, and Standards	Instructor Led	2 hrs
Teradata Delivery Approaches	Instructor Led	2 hrs
ERwin Techniques	Instructor Led	4 hrs
Introduction to Access Layer Modeling	Instructor Led	2 hrs
Model Mapping Approaches	Instructor Led	2 hrs
Customizing the Industry Data Model	Instructor Led	2 hrs
<u>Implementing the Teradata Industry Data Model – Physical Track</u>		
Physical Design and Implementation Concepts	Instructor Led	4 hrs
History, Time Variance, and Temporal	Instructor Led	4 hrs
Alternate Code and Reference Structures	Instructor Led	2 hrs
Generating DDL out of ERWin Using Industry Data Model Accelerators	Instructor Led	2 hrs
<u>Vertical Industry Data Model Workshop</u>		
Industry Data Model Overview and Deep Dive	Instructor Led	1-3 days

Course Title <i>(click title to access course)</i>	Format	Duration
Release Updates		Audience: All
<p>Each course provides update training to those with a working knowledge of the previous Teradata version. Courses focus only on features that are new or different from the previous version. Key features includes a brief description, its business value, how it works, how to install or configure it, how to use it, and how to support it.</p>		
Teradata 15.10 Differences	On Demand	1.5 days
Teradata 16.00 Differences (P)	On Demand	6 hrs
Teradata 16.10 Differences (P)	On Demand	5 hrs
Teradata 16.20.xx Differences (P)	On Demand	2 hrs
Additional		Audience: All
Scrum for Teradata Agile (P)	On Demand	4 hrs
Introduction to Data Modeling	On Demand	4 hrs
Big Data Concepts (P)	On Demand	3.5 hrs
Introduction to Data Science Process - CRISP-DM (P)	On Demand	30 min
SAS and Teradata Integration Skills	Instructor-Led	3 days
Webcasts		
<p>Webcasts highlighted are presented by subject matter experts, Product Managers, and Teradata technical advocates. Below is a sampling of our most-viewed webcasts. Browse our guest catalog online to find many more.</p>		
A Structured Method for Tuning Teradata SQL		1.5 hrs
Explaining the EXPLAIN (P)		2.5 hrs
Advanced EXPLAIN Tuning		1.5 hrs
A Few Seconds in the Life of a Teradata Request		1 hr
Teradata Database Architecture Overview		2 hrs
Dealing with Natural Data Skew		1.5 hrs
How to Design Complex Views		1.5 hrs
AMP Worker Tasks		1 hr
Backup and Restore using Teradata Data Stream Architecture (DSA)		1 hr
System Performance Monitoring		1 hr

Teradata Certification

A Teradata Certification is a differentiator in today's quickly changing and competitive IT environment. Teradata certifications maximize your competitive advantage, demonstrating your dedication and growth to your career. Teradata certification is available globally to anyone interested in Teradata technology including customers, partners, associates, and students. Over 68,000 Teradata Certifications have been awarded and are recognized by major global organizations as an industry-standard measure of technical competence for IT professionals using Teradata technology.

All Teradata certifications can be taken at a Pearson Vue test center or remotely, at their home or office. **FAQs** and **additional information** on this option are available.

Teradata is proud to announce that ALL who pass an exam and earn a Teradata Certification receive a digital badge. This is another great way to showcase your skills and knowledge!

Preparing for Teradata Certifications is easier than ever! Use these 5 easy steps:

1. Go to the **Vantage Certification track** and then find the exam that you are interested in. Go to that exam page.

2. Scroll down and click on the “Exam Objectives” tab.

Read through the abbreviated exam objectives listed on this page and then download the PDF. This PDF will provide insights into the content of the exam. Review this document to see what you know and what you need to learn more about.

3. Scroll down and click on the “exam prep tab”.

This tab will provide access to FREE exam practice questions! In addition, other learning resources that relate to the content are listed.

4. Click on the “Exam Details” tab

Use this tab to learn how much experience an exam candidate is expected to have.

5. Determine your learning needs and your exam approach based on this information then register at <https://home.pearsonvue.com/teradata>.
