

TERADATA EDUCATION NETWORK

EXPAND YOUR TERADATA KNOWLEDGE AT YOUR OWN PACE, ON YOUR OWN SCHEDULE

The Teradata® Education Network (TEN) is a world-class online learning portal that allows you to harness the power of the internet, so you can expand your Teradata knowledge at your own pace—anytime, anywhere. View and access the most recent and most popular training courses; register online for web-based training, webcasts, public classes (classroom and virtual instructor-led) in one easy-to-use website.

SELF-PACED ONLINE TRAINING

Whether you are new to Teradata or you are an advanced user, we have the online training needed for every skill level.

WEB-BASED TRAINING COURSES

Web-based courses are formal, self-paced training delivered via the Teradata Education Network. Many of our popular instructor-led courses are also offered in web-based formats, allowing you to save on travel costs and maximize your time.

COURSE CATEGORIES

Teradata Education Network course offerings include:

WEBCASTS

Attend class from the comfort of your own desk! Webcasts are structured, one- to two-hour presentations taught by top subject matter experts, and delivered via the Teradata Education Network.

Live Webcasts

Stay up to date on the latest topics with live webcasts featuring our newest, most popular presentations brought to you by seasoned Teradata subject matter experts. You'll have the opportunity to ask questions and discuss the content in real-time.

Recorded Webcasts

Teradata also offers more than 175 recorded webcasts on a wide variety of technical and business subjects. Recorded webcasts may be accessed via the Teradata Education Network 24 hours a day, seven days a week.

LEARNING LIBRARY

A collection of learning materials that includes white papers, Orange Books and articles on Teradata topics.

WHY SHOULD I SUBSCRIBE TO THE TERADATA EDUCATION NETWORK?

In today's market, you need to continually improve your skills (or acquire new ones) to enhance your job performance. Take advantage of the Teradata Education Network and stay ahead of the curve!

- ~ Condense your "learning curve" by accessing Teradata knowledge anytime, anywhere.
- ~ Create an individual learning plan by job role and desired certification levels resulting in a self-managed education plan.
- ~ Get advanced training through interaction with experts and other Teradata users.
- ~ Access just-in-time learning whenever you are ready or in need.

SUBSCRIPTIONS

Teradata Education Network subscriptions provide unlimited, online access to our web-based training courses and webcasts. Six subscription levels are available to meet your ongoing technical and business user training needs.

Teradata Education Consultants will work with your organization to determine the right subscription level(s)

required to meet your training objectives. Expand your Teradata knowledge and fully utilize your Teradata system with a Teradata Education Network subscription.

Teradata Education looks forward to bringing you the most advanced and exciting online education experience. To learn how we can help you put the next generation of Teradata education to use, contact your Education Consultant or visit Teradata.com/TEN.
